Reviews

This pdf is indeed gripping and interesting. It is definitely simplistic but shocks within the 50 percent of your book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Michael Spinka)

QUAS PRIMAS (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English. Brand new Book. THE Encyclical of our Holy Father, Pius XI., on the Institution of the Feast of Christ Our King is a fitting crown to the devotion and the vast spiritual awakening which marked the Holy Year, 1925. In fulfilment of the commission of Our Lord to St. Peter, and aided by the light and grace that are given to every man according to his need, the Vicar of Christ addresses words of timely guidance and help to the Catholic world. We need that guidance today. In their greed for wealth, the senseless hurry of business, and the rush for pleasure men forget, then reject, Divine things. Our superficial education, the shallow science and the sensationalism of the newspapers bewilder men's minds. They cannot think steadily and soundly; they are "tossed about by every wind of doctrine." They lose Christ - not from rebellion, but from indifference. Man-made religions and scientific theories come and go like the leaves from spring to winter, and as they pass they leave men more and more confused. Outside the Catholic Church, there is no centre of spiritual authority, no institution that can claim to possess that body of truths which was the legacy of Christ to His Apostles, to be guarded by them for men through all time. There is no other infallible teacher. Man's life must be reasonable, founded on true philosophy. For very many of those who do not recognise the Divine claims of Christ there is a philosophy of life - but it is a destructive philosophy. Its authority is unstable and uncertain, that of a learning which imposes itself on the less learned. It changes as new theories are born, but always leaves greater uncertainty, as it...
